

Client Brochure

Who We Are

JS Consult Limited is a healthcare training recruitment consultancy specialising in the placement of healthcare staff to Nursing and Care Homes, Hospitals, Clinics, Mental Home Institutions, Supported Living and Learning Disability Units on temporary and permanent basis.

At JS Consult we understand the sensitivity and the importance of high standard required in the delivery of care service. We therefore ensure that we employ people who have passion for the healthcare industry, being aware that only the right people can deliver the right service. As a recruitment agency, we provide diverse staffing needs to our clients including:

- Temporary and contract staffing
- Permanent recruitment
- Covers for shifts, rotas, annual and sick leave

Our Services

At JS Consult our recruitment services cover the supply of Support Staff, Healthcare Assistants, Registered Nurses and Health Care Administrators/Clerical Staff for short term and long term assignments. Our candidates cover a wide range of disciplines and levels, each with an assortment of qualifications and expertise. JS Consult is positioned to offer a complete solution to your diverse staffing needs.

JS Consult Limited is consistently seeking to deliver a professional, bespoke service to our clients. With our knowledge of market conditions and trends JS Consult Limited is in an excellent position to advice clients and candidates alike to ensure the most accurate solutions to your requirements are always given.

Rather than looking just at the skill requirements we also seek to understand the business requirement behind any

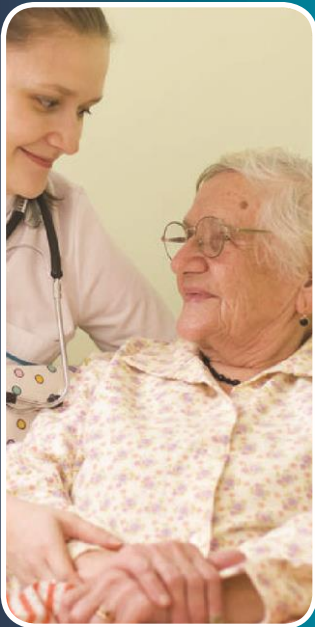

decision to recruit, helping us provide the most appropriate candidates that will be effective as quickly as possible. This will also save you time, a valuable commodity to any hiring manager whose primary function may not be recruitment.

Our Process

At JS Consult, we pride ourselves on our recruitment procedures and compliance standards. We are proud to offer our clients high quality candidates who are trained and thoroughly inducted as part of a service package, which is cost effective for our client.

Our recruitment standards include:

- Thorough screening and ensuring that best candidates are selected
- Validated reference checks by ensuring that our workers CV's are fully compliant which includes DBS, mandatory training and any other relevant information
- Proof of identification and immigration status
- Quick response to fill up vacancies bearing in mind that time is of essence
- Partnership with each client to work on agreed timescales

Our Specialist Areas:

- Qualified and Unqualified Health Care Professionals
- Health Care Assistants
- Support Staff
- Registered General Nurses
- Social Care Workers
- Health Care Administrators /Clerical
- Hospitality/Catering

Training

JS Consult offers opportunities to develop healthcare professionals and new enthusiastic candidates to give them the necessary footing into the healthcare industry. We not only train individuals who are new to care, we endeavour to place them with our numerous clients across London.
